

The Common Grounds Koffee Shop

Brass Rail

As we celebrate the New Year and the beginning of what we hope will be the end of the “Covid” era we are pleased to report we have completely remodeled our location, expanded our choices and inventory and raised our prices! Only kidding about the prices and the completely remodeled part. We have however, moved the coffee machine to the Koffee Korner Kart, located on the patron side of the bar to make it more convenient and user friendly.

We are now offering not only regular and decaf coffee and tea, but also various flavors of coffee and soon hot chocolate.

Current management has agreed to continue to maintain the Koffee Korner and Tracy has agreed to take over the ordering of supplies. This will truly be a University Commons endeavor and we hope that all will feel free to meet and greet other UC residents (at appropriate distances of course).

Your generous donations to the Koffee Kitty have and I am sure will keep this a self-funded operation. All suggestions for varieties and brands of coffee will be considered. As always, just attach your suggestion to a ten dollar bill and put it in the Kitty. ☺

Please remember that although we are still under Covid restrictions we can still get together with friends over a cup of coffee or tea. You can even share baked goods at arms’ length.

You can Mingle And Stay Kconnected - UP
